Software Engineer

DevOps Enthusiast

About

Hi! I'm Arman Darsanj.

Backend Software Engineer focused on scalable, enterprise-grade systems. Strong architectural mindset with expertise in .NET, microservices, clean architecture, and API security. Currently expanding into DevOps and Cloud to bridge development and operations.

Problem-solver with logical approach, strong technical English, and passion for clean, testable code.

Currently focusing on: Microservices, authentication/authorization, and DevOps and Cloud toolchains for automated delivery.
